Custom Boat Tops & Accessories

Tops, Campers, Tonneaus, Cockpit Covers & Travel/Mooring Covers

"We've Got You Covered"

When it comes to original equipment custom fabric tops and accessories, we are dedicated to crafting the finest fitting prototypes that leave the competition behind. Product engineering evaluates all components, materials and suitability before final creation of production-ready patterns. We then follow through with your production requirements and specifications, fabricating with precision equipment by highly skilled seamstresses and assemblers.

"Covered For Years To Come"

The end result is a glove-fit cover backed by a solid two-year warranty. The boat owner is secure in knowing that he has the best materials and engineered design for years of trouble-free service.

"Commitment To Our Customers"

We pride ourselves on our commitment to giving our customers the best service in the industry. Three regional plants build exceptional quality products using the latest technology in CNC equipment. Translation...better costs and faster delivery. Product throughput is accelerated without sacrifice to quality. Our customer service team tracks your order and goes the extra distance to ensure your satisfaction.

Engineered for *fit, finish &*
durability

Fabrics & Accessories

The Finest Grade Materials

Marine Acrylics

Sunbrella®, Dickson® and Coastguard®

- 100% solution dyed acrylic woven marine fabric
- Excellent fade and weather resistance
- 12 stock colors and others available upon request

Marine Vinyls

- Vinyl material with substrate polyester/cotton blend
- Excellent protection against the elements
- 12 stock colors and others available upon request

Support Systems

- Stainless steel or brite dip tempered aluminum tubing (1", 7/8", 3/4")
- Tempered square aluminum tubing for pontoon style canvas
- Patented quick-disconnect deck mount and windshield mount system
- Taylor★Made® aluminum hardware for square tubing frames
- Special set screw hardware fastenings

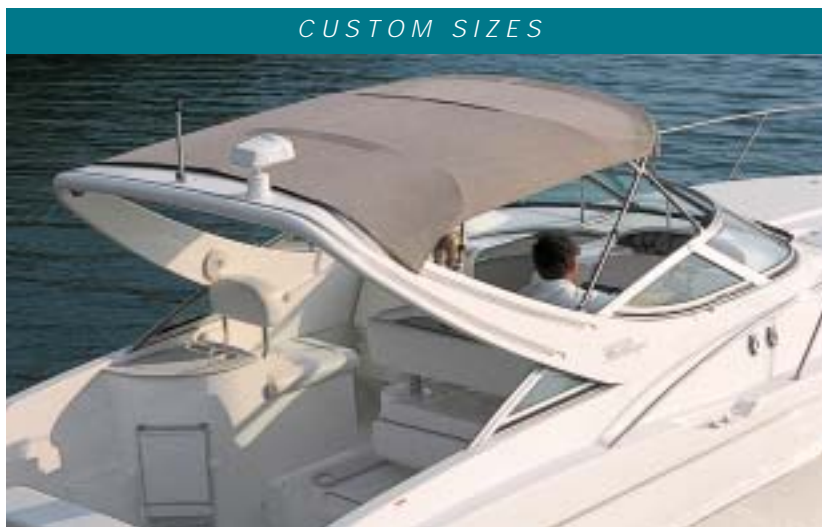

Special Fabrication Techniques

- All main seams are fell seamed with one stitch on top and one stitch below to ensure strength and leak resistance
- Serge seams or binding on acrylics to prevent fraying
- Dielectric heat seal seam on vinyl materials
